

## How do we know the bible is from God?

- It tells us this! **2 Timthy 3:16** "All Scripture is God-breathed" 2 Timthy 3:16
- History and translation processes are incredibly thorough and reliable.
- Faith- we must on some level just believe and trust that it is.  
This is not out of the ordinary. We do this all the time, we read books by people and never question whether it was really written by that person, we just believe it is. That is in part what we do here.

## Can everything in the Bible be proven?

- No, much of it can, but some of it simply takes faith.
- But this is not abnormal. For hundreds of years people acknowledged the wind existed and yet they could not explain it. *Sometimes the unexplainable is overcome by the undeniable.*

## Why is faith so hard?

- Because we are broken people in a broken world.
- We forget that God is with us, for us, loves us, and around us. That he is our maker, our Savior, and that what awaits us is so much better than everything "hard" we will face here.
- It is not always easy, but he is always with us and he is more than enough to get us through!

## How can I know God is real?

- Many arguments for God's existence, among the top are the arguments of "intelligent design", "first mover", "Morality law argument", etc...
- The Bible says that if someone just looks around they will see God's "invisible attributes" in the visible creation in our world. **Romans 1:20**

## Is there anything that proves Jesus is God?

- **John 8:58** I tell you the truth," Jesus answered, "before Abraham was born, I am"
- **John 10:30** "I and the Father are one."
- **John 20: 28, Titus 2:13-14, Colossians 1:15-16, John 1:1**, etc...
- Fulfilled Prophecy, Miracles, Resurrection from the Dead, Changed Lives, Etc.

## Why does God not ever speak to people out loud today, like in the Bible?

- He still can and sometimes does.
- But in our country, we have what people in the bible and in many places throughout the world did and do not have—His Bible. He speaks and will speak everyday to us, we just need to pick it up and listen!

## What do I do with doubts?

- Talk about them
- It is important to talk to people about the questions that you have, because there are often answers for these questions and we just need to speak up and ask.
- Remember great men throughout the bible had doubts so we are in good company. Not only this, but the bible tells us that "there is nothing new under the sun and so there is no argument or "doubt" that someone has not thought before. We should remember this and know that we are not alone even in our doubting. These questions and doubts are an opportunity to grow stronger in our faith and see truth, we should take them!
